

# Flexi Bend Series

Automatic Plastic Pipe Bending Machine  
PVC, CPVC, PE, PPR & ABS

Non-Polluting Method of Manufacturing

## Features

Multi axis motion control system offers :

- Possibility of producing various combination of bending radius, bending angle & Length of cut
- Wrinkle free bends

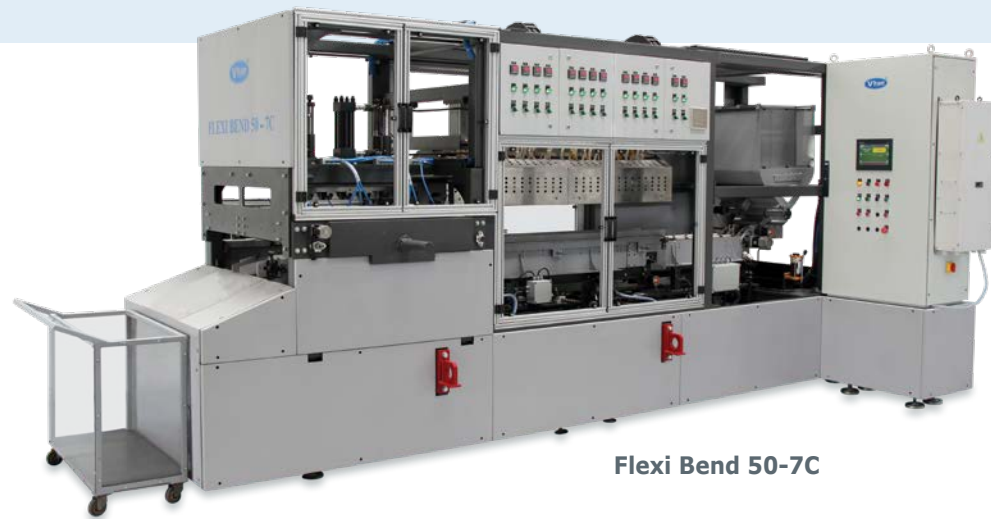

Quick size changeover

Productivity v/s Power Consumption-  
Lowest in comparable category

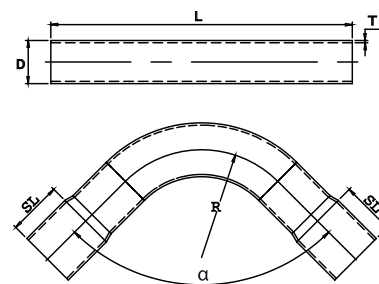

Offline & Automatic cutting & feeding solutions (Optional)

Flexi Bend 160-2C

Flexi Bend 50-7C

Flexi Bend 32-7C

## Flexi Bend Series

Model	Diameter	Bending Angle	Bending Radius	Length	Connected Load kW	Output Per Hour		
						Diameter	Wall Thickness	Nos.
Flexi Bend 32 - 7C	19 - 32	7.5 - 90	2 x D	160 - 450	15	20	1.2	770
Flexi Bend 63 - 7C	20 - 63	7.5 - 90	2 x D	160 - 650	20	20	1.2	770
Flexi Bend 160 - 2C	63 - 160	7.5 - 90	2.5 x D	450 - 1450	40	63	1.5	110
						160	4.2	25
